HOBBIES

Alicia Colson, Archaeologist & Ethnohistorian

- Computing, AI and Digital Humanities
- Holistic Thinker (sees the bigger picture)
- Team worker but also works independently
- Polyglot

WORK

- **Walking/hiking** – Completed a 70km walk through the Namib desert. We started from the base of the Brandberg Mountain, in the foothills to the Skeleton Coast (Atlantic) in Namibia.
- **Photography** - Enjoy going to new places and trying new things when I go somewhere. I took lots of photos, walked a lot and just explored when I went to Beijing back in 2017.
