

# EXHIBITORS

## TECHNICAL CONFERENCE 2024

Lancaster University  
Tuesday 10th September

*Thank You to our Key Sponsors*

### Astell Scientific

Astell Scientific is a pioneering manufacturer and supplier of autoclaves and sterilizers, offering custom and standard solutions to meet your specification, with over 130 years of experience.

[www.astell.com](http://www.astell.com)

### Asynt and Julabo

**Asynt** develop, supply and support new, sustainable and novel products central to the laboratory.

**JULABO** has continually been setting new standards for liquid temperature control for more than 50 years.

[www.asynt.com](http://www.asynt.com) / [www.julabo.com](http://www.julabo.com)

### EMCO

Emco is a major distributor for Industrial & Educational CNC Machines, 3D Printers, Routers & Waterjet Cutters trading under the two companies, EMCO Education Ltd and EMCO Industrial Ltd

[www.emco.co.uk](http://www.emco.co.uk)

### Fisher Scientific and Grant Instruments

The **Fisher Scientific** channel can serve customers through the entire cycle from discovery and analysis through to production and delivery.

**Grant** offers precision temperature control, sample preparation and life-science solutions for laboratories.

[www.fishersci.co.uk](http://www.fishersci.co.uk) / [www.grantinstruments.com](http://www.grantinstruments.com)

### Huber

Huber is one of the leading suppliers of high precision thermoregulation solutions in research and industry. Their products ensure precise temperature control in laboratories, pilot plants and production processes across the globe.

[www.huber-online.com](http://www.huber-online.com)

## KNF

KNF have established themselves globally as a solution provider specialising in the development, design, production and distribution of diaphragm pumps and systems for handling gases and liquids.

[www.knf.com](http://www.knf.com)

## Lovibond

The Lovibond® automated color measurement instruments (spectrophotometers for transmission and reflectance; colorimeters and color comparators) are synonymous with accuracy in the analysis of liquids and solids for industrial & fuel oils, chemicals, pharmaceuticals, and more.

[www.dcscientific.com](http://www.dcscientific.com)

## Nickel-Electro Ltd

Nickel-Electro specialise in the design and manufacture of temperature control equipment for a wide range of markets, including hospitals, higher education, the food and dairy industry, veterinarians, pharmaceutical companies, industrial and quality control laboratories.

[www.nickel-electro.com](http://www.nickel-electro.com)

## Sanondaf

As experienced disinfection and decontamination specialists, Sanondaf know that a 'one size' approach does not suit or fit all requirements. They tailor their approach for each job to ensure maximum efficacy is achieved and that treatments are applied safely, in a manner and time suited to the needs of their clients.

[www.sanondaf.co.uk](http://www.sanondaf.co.uk)

## Sartorius

Sartorius help to ensure that new scientific discoveries can be translated more quickly into effective patient care. With technologies, platforms and partnerships for a common goal: better health for more people.

[www.sartorius.com](http://www.sartorius.com)

### SciQuip and Medline

**SciQuip** specialize exclusively in scientific equipment from a select group of cutting-edge manufacturers, all of our specialists are experts in the products we promote.

**Medline** are an manufacturer and distributor of surgical and medical supplies.

[www.sciquip.co.uk](http://www.sciquip.co.uk) / [www.medline.eu](http://www.medline.eu)

### Shimadzu

Shimadzu Corporation has been offering solutions using Science and Technology for the advancement of human health, the safety and security of society, and industrial development to innovate and solve societal challenges together with customers.

[www.shimadzu.com](http://www.shimadzu.com)

### Yorlab and OHAUS

**Yorlab** are a dynamic manufacturer and supplier of lof high-quality scientific glassware.

**OHAUS** produce safe, precise, and reliable scales, analytical instruments, and laboratory equipment.

[www.yorlab.co.uk](http://www.yorlab.co.uk) / [www.ohaus.com](http://www.ohaus.com)

## Thank You

Thank you to our valued key sponsors and exhibitors for their support at the Conference this year. Their support allows us to provide the Conference to our members and the technical community at a reduced price as we understand it is difficult for the technical community to receive funding for their own development through attendance at National Conferences.

If you are interested in being a Key Sponsor or an exhibitor at the 2025 Conference, please contact the IST office by emailing [office@istonline.org.uk](mailto:office@istonline.org.uk).

## Lancaster University

Lancaster University campus occupies a beautiful 560-acre parkland site and is proud to be one of only a handful of UK universities with a collegiate system. In 1947 a public meeting in Lancaster endorsed a proposal that a university might be established in the city. Lancaster's vision is to be a University that is globally significant - a sector leader and innovator that delivers the highest quality research, teaching and student experience, and that engages locally, nationally, and internationally.

## HEaTED

Higher Education and Technician's Educational Development (HEaTED) is the UK's leading provider of professional development and networking opportunities for all disciplines of the technical workforce.

## National Technician Development Centre

The NTDC for Higher Education is available to universities across the UK and provides HE Institutions with access to information, expertise and tools that will enable them to create a sustainable future for technical staff and services.

## University Bioscience Managers' Association

UBMA is the organisation for Laboratory Superintendents and Managers in university biological, biochemical and life science departments, schools and faculties, currently with members drawn from over 70 different universities.

## Daphne Jackson Trust

The UK's leading organisation dedicated to realising the potential of returners to research careers following a career break of two years or more taken for a family, caring or health reason.

## Thank You

Thank you to our valued career zone supporters for their support at the Conference this year. If you are interested in being a Key Sponsor or an exhibitor at the 2025 Conference, please contact the IST office by emailing [office@istonline.org.uk](mailto:office@istonline.org.uk).

# About the IST Conference

The IST has been supporting the technical workforce in the creative, digital, engineering and science technologies for over 75 Years.

Our aim is to make the Institute all embracing and, in order to achieve this, help/advice networks, skills training, specialist forums, recognised qualifications, continuing career development opportunities and guidance will be available to the membership.

Recognition of professional standing is high on our agenda and, most importantly, expansion of the vibrant community of specialist, technical and managerial colleagues who will work together to help make a difference and shape the future.

Our Annual Conference plays a vital role in giving technicians the opportunity to network with other technical staff and managers from across the UK, as well as providing the chance to take part in a National event or deliver a presentations or talk.

## Previous Conferences:

- 2023 - London
- 2022 - York
- 2021 - Hybrid
- 2020 - Online
- 2019 - Birmingham
- 2018 - Newcastle
- 2017 - Leicester
- 2016 - Manchester
- 2015 - Leeds
- 2014 - Sheffield

We always aim to move around the country to give as many technicians the opportunity to attend our Conferences in future.

If you are interested in taking part in next years Conference, either being part of the organising committee, giving a talk or showcasing your specialist area, please contact us at [office@istonline.org.uk](mailto:office@istonline.org.uk).

**We hope you enjoy the day at Lancaster University.**
