# About the IST Conference

---

The IST has been supporting the technical workforce in the creative, digital, engineering and science technologies for over 75 Years.

Our aim is to make the Institute all embracing and, in order to achieve this, help/advice networks, skills training, specialist forums, recognised qualifications, continuing career development opportunities and guidance will be available to the membership.

Recognition of professional standing is high on our agenda and, most importantly, expansion of the vibrant community of specialist, technical and managerial colleagues who will work together to help make a difference and shape the future.

Our Annual Conference plays a vital role in giving technicians the opportunity to network with other technical staff and managers from across the UK, as well as providing the chance to take part in a National event or deliver a presentations or talk.

## Previous Conferences:

- 2023 - London
